## Skills

- C# | .NET | Java | Python | Django | Node | JavaScript | TypeScript | Express | React | Next.js | jQuery | Git | Laravel | PHP
- SQL | MySQL | Oracle | Monogo DB | PostgreSQL
- Cloud Computing | AWS | FireBase | CI/CD | Unit Testing | Lambda | OOP | Unity 2D | Game Development | Unreal Engine 4
- Tailwind CSS | Bootstrap | Figma | Frontend | Backend | Full-Stack | English, Arabic – *All professional proficiency or above*

## Experience

- |  |                                    |                             |                          |
|--|------------------------------------|-----------------------------|--------------------------|
| <b>IT Manager</b>  | <b>Starbucks ( Arabian Gates )</b> | <b>Jeddah, Saudi Arabia</b> | <b>01/2024 - Present</b> |
| <ul style="list-style-type: none"><li>• <b>Software Engineering:</b> Develop and maintain software solutions tailored to enhance various aspects of business operations.</li><li>• <b>IT Support:</b> Offering comprehensive technical assistance and troubleshooting expertise to address any IT-related issues.</li><li>• <b>POS Engineering:</b> resolving issues and providing solutions within the Point of Sale (POS) systems utilized by OXO.</li><li>• <b>Inventory management:</b> tracking, organization, and optimization of inventory levels and stock movements.</li><li>• <b>Design and artwork:</b> creating visually appealing designs and artwork, including advertising campaigns, and promotional materials.</li><li>• <b>Monitoring purchases and invoices:</b> Analyzing purchasing patterns and invoice data to identify trends, optimize procurement strategies, and ensure cost-effectiveness within Starbucks' supply chain operations.</li><li>• <b>Engineering the product lists and categories:</b> Structuring and refining product lists and categories inventory and POS systems.</li></ul> |                                    |                             |                          |
| <b>Web Developer</b>   | <b>Freelance</b>                   | <b>Jeddah, Saudi Arabia</b> | <b>01/2022 - Present</b> |
| <ul style="list-style-type: none"><li>• <b>React.js, Django, Next.js, and Laravel Application Development:</b> React.js, Django, Next.js, and Laravel frameworks.</li><li>• <b>Building User-Friendly Websites:</b> Expertise in creating user-friendly websites with intuitive navigation and responsive design.</li><li>• <b>E-commerce Store Development:</b> Skilled in building e-commerce stores using Shopify and other relevant technologies.</li><li>• <b>Designing UX/UI:</b> designing user interfaces and user experiences that are visually appealing, intuitive, and functional.</li><li>• <b>Integrations:</b> Proficient in integrating third-party services and APIs to extend the functionality and capabilities of web applications.</li><li>• <b>AWS Hosting and Domain Management:</b> Utilizing Amazon Web Services (AWS) for hosting and domain management.</li></ul>   |                                    |                             |                          |
| <b>Assistant Manager</b>   | <b>Al-Atayeb</b>                   | <b>Jeddah, Saudi Arabia</b> | <b>01/2018 - 01/2019</b> |
| <ul style="list-style-type: none"><li>• <b>Accounting Assistance and Sales Monitoring:</b> Assisted the manager in management tasks, working with Excel files to organize financial data.</li><li>• <b>Employee Time Management:</b> Managed the clock-in and clock-out process for employees, ensuring accurate tracking of work hours.</li><li>• <b>Cashier Coverage:</b> Occasionally covered cashier positions to support daily operations.</li><li>• <b>Business Development Manager:</b> Took on responsibilities related to business development.</li><li>• <b>Public Relations Responsibility:</b> Acted as the point of contact for public relations, fostering positive relationships with customers, and vendors.</li></ul>   |                                    |                             |                          |

## Education

- |   |                                  |                             |                         |
|---|----------------------------------|-----------------------------|-------------------------|
| <b>Bachelor of Computer Science</b>   | <b>King Abdulaziz University</b> | <b>Jeddah, Saudi Arabia</b> | <b>08/2020 - 8/2025</b> |
| <ul style="list-style-type: none"><li>• Major in Software Engineering &amp; IOT Cyber Security. GPA: 4.95/5</li></ul> |                                  |                             |                         |

## Projects

- **Inventory Management Application:** Complete the design of DB and monitor inventory levels, markout, and daily-weekly inventory processes for Starbucks branches. Provide detailed stock level with graphs and expiration dates (**Starbucks**) (**03/2024**)
- **Real Estate:** Design DB schema for real-estate, sell and buy real-estate properties. Payment support. Front-end and back-end (**full stack**) (**03/2024**)

## Courses

- **AWS Solutions architect:** Design, develop, and manage cloud infrastructure and assets.
- **CCNA: Introduction to Networks:** perform basic configurations for routers and switches, and implement IPv4 and IPv6 addressing.
- **CPCS 204 - Data Structures:** fundamental data structures such as arrays, linked lists, stacks, queues, trees, and graphs.
- **CPCS 212 - Applied Mathematics for Computing:** foundation in mathematical concepts including discrete mathematics, logic, set theory, functions, relations, and mathematical induction.
- **CPCS 361 - Operating Systems:** Topics include process, memory management, file systems, I/O systems, and concurrency control.
- **STAT-110-210-352:** descriptive statistics, probability distributions, sampling distributions, estimation, hypothesis testing.
